Update on access agreements and mitigation

- 168 access agreements signed in the original study area (86% of the 195 properties)
- 107 additional access agreements signed for properties outside the original area of vapor concern. (General Mills is seeking access from property owners outside the original area of vapor concern to fully define the area that needs mitigation.)
- Results received and verbal notifications made to 256 property owners
- Mitigation needed: 137 properties above 20 ug/m3
- No mitigation needed: 109 properties less than 2 ug/m3
- Resample: currently 10 properties tested between 2-20 ug/m3 in first sample

To see the updated sampling results map, as well as additional information on the project, visit <http://www.pca.state.mn.us/ax83hxx>.

General Mills vapor study community office hours:

March 25, 4-6 p.m.

Van Cleve Recreation Center (901 15th Ave SE, Minneapolis)

This type of outreach is targeted for one-on-one communication with residents and property owners. Representatives from the Minnesota Pollution Control Agency, Minnesota Department of Health, Barr Engineering, and General Mills will be available to answer any questions, address concerns, and make the sampling and mitigation access agreements available to review and sign. The format will be like an open house - attendees may come at any point during 4-6 p.m.
